

REMARKS

Applicant provides herewith the missing specification. Support for this missing portion of the specification can be found in the specification on page 6, lines 10-12, in Figure 9, and in the remainder of the specification detailing the construction, configuration, placement and use of the erosion control transition mat of the present invention. Accordingly, Applicant respectfully requests the missing portion of the specification be included in the application. The Examiner is respectfully urged to call the undersigned at 515-288-9263 in an effort to answer any questions the Examiner may have regarding the missing portion of the specification.

Respectfully submitted,
